

The First Day of the New Year Starts When?

Lunar vs Solar

Satan Counterfeits

The Jew's and other annual feast keepers start the first day of the New Year near the **spring equinox** and on the day after the crescent of the new moon is sighted or the earliest too it.

Did you know that the **Muslims** use the "crescent moon" as their **holy symbol**?

~~Crescent~~ Moon in the Scriptures

Is there Scriptural proof that the first day of the New Year starts the day after the New Moon *Crescent*? **No! There is none!**

Crescent appears only 5 times in the Scriptures and all refer to "*the crescent ornaments*" of the **heathens**; which has nothing to do with the moon. The following is one scripture:

Jdg. 8:21 So Zebah and Zalmunna said, "Rise yourself, and kill us; for as a man is, so is his strength." So Gideon arose and killed Zebah and Zalmunna, and took the crescent ornaments that were on their camels' necks.

New Moon Corrupted

Isa. 66:23 "And it shall be that from **New Moon** [**chodesh?**] to **New Moon** [?], and from Sabbath to Sabbath, all flesh shall come to worship before Me," declares Yahuah.

What if we inserted the correct Hebrew definitions in this verse:

Isa. 66:23 "And it shall be that from the refreshing [**שדח(chodesh)**] to the refreshing [**שדח(chodesh)**] and from Sabbath to Sabbath, all flesh shall come to worship before Me," declares Yahuah.

Where did "*new moon*" originate from? It seems very odd that there is no mention of the word moon in this verse, and yet "*new moons*" has been inserted into our translations!

Mark 12:38 Christ said: "**Beware of the Scribes**." (*Translators of Scriptures*)

There is **no trace of the word moon** in this verse, but mistranslated with *new moon*.

Calculating Annual Holy Days ~ God's Calendar

The **winter** season **ends** the year and the **spring** season **starts** the New Year.

The **last day** of winter is the day of the **spring equinox**.

The **next day** is spring; which is **day one** of the **New Year**.

Gen. 1:14 “Let there be lights in the firmament of the heavens to divide the day from the night; and let them be for signs and **seasons**,^{H4150}, and for days and years;”

Seasons^{H4150} מועד מועד מועדה mô'êd mô'êd mô'âdâh

From H3259; properly an *appointment*, that is, a **fixed time or season**; specifically a *festival*; **conventionally a year**;

1 Chr. 20:1 And it came to be at the turn of the **year**^{H8141} [*tequfah/equinox*]

Exo. 34:22 “And you shall observe the Feast of Weeks, of the firstfruits of wheat harvest, and the Feast of Ingathering at the **year's end**”^{H8141}

Year's end^{H8141} שנה שנה shâneh shânâh shaw-neh', shaw-naw'

The first form being in plural only, the second form being feminine; from H8138; **a year** (as a *revolution* of time)

Psa. 19:6 Its rising is from one end of heaven, and its circuit^{H8622}

Circuit^{H8622} תקופה תקפה t'qûphâh t'qûphâh tek-oo-faw', tek-oo-faw'

From H5362; **a revolution**, that is, (of the sun) *course*, (of time) *lapse*: - circuit, come about, end.

Conclusion

After this short study you should come to the conclusion that God's annual feast day calendar uses the **solar system** rather than Satan's counterfeit lunar system.

The **first day** of God's **New Year** is the **first day** of **spring**.

Not at the day after the first new moon **crescent** of the counterfeit **satanic** lunar system.

Will You Keep Only “Dawn to Dusk” Holy?

(Yes I will!) 😊

(No I won't.) ☹️
